Mr. Dacom of Ellettsville, Calif., spent several days last week with

Thomas Honswerth and family.

Dorothy Eisele has been on the sick list.

George Clark and family spent Saturday in South Bend.

Feed Incubator Rabbits With Dropper

An Easy Way To Get Fat and Be Strong

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams"; or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

There is a preparation known to reliable druggists almost everywhere which seemingly embodies the missing elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This modern treatment is called Sargol and has been termed the greatest of flesh-builders. Sargol aims through regenerative, re-constructive powers to cook the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to the starved broken-down cells and tissues of your body. You can readily picture what result this amazing transformation should produce as with increased weight the cheeks fill out, hollows about neck, shoulders and bust disappear and from 10 to 20 pounds of solid, healthy flesh is added to the body.

Sargol is absolutely harmless, inexpensive, efficient. Get Sargol's Original Cut Rate Medicine Store, and other leading druggists of this vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.—ADVT.

The Baker Pays Her Gas Bills

Two women were comparing notes the other day. "My gas bills are frightfully high," complained one. "Mine are almost nothing," laughed the other. "I let the baker do my cooking."

Women are getting away from the idea that they must bake at home. They are serving foods like Holland Rusk, which are ready to eat and save time and bother. You can eat Holland Rusk three times a day—for breakfast instead of toast or hot breads, for dinner with fruit as a hors d'oeuvre and for supper with creamed meats or vegetables. With the gas bill you can serve the old standbys in new ways that make an acceptable change.

For Dutch lunches and picnics try this:

Holland Rusk Dutch Cheese Sandwiches

Spread buttered halves of Holland Rusk with Dutch cheese, lettuce, sliced olives and caraway seed have been mixed. You'll like this with any beverage.

Another delicious Dutch Delicacy is Windmill Cookies, baked by the bakers of Holland Rusk. Windmill Cookies are better than candy and are clean and wholesome as if made in your own kitchen. Try a package today.

Phone your grocer for a package of Holland Rusk, and try some of the many ways of serving it. Recipe book free if you will.

Holland Rusk Co., Holland,

Mich.

GLADYS MAHER

A medicine dropper is the means by which food in the form of warm milk is conveyed to three tiny incubator rabbits left unprotected on the hands of William J. Maher, proprietor of a Brooklyn livery stable.

Maher's little daughter, Gladys, has taken it on herself to mother the little orphans.

The rabbits were born in the

livery stable. A horse kicked the mother, killing it, soon after the rabbits were born. An old stove served as an incubator for the little creatures and by some means they survived. Then little Miss Maher came to the rescue with a medicine dropper and warm milk. The picture shows her feeding one of the little creatures.

NILES, MICH.

Mrs. William Carter, 54 years old, died Wednesday morning after about three years' illness of a complication of diseases. She was born in Dayton, Mich., but she had practically spent all her life in Niles. She is survived by her husband and five children. The latter are: William and Frank Carter of New Carlisle, Ind.; Mrs. Elizabeth Jay, Mrs. Lizzie Williams and Mrs. Melvin Byby of Niles. The funeral services will be held Friday afternoon, Rev. E. G. Lewis of the Methodist church will officiate. Burial will be in Silver Brook cemetery in this city.

Roswell Beebe, who died at St. Joseph's hospital in South Bend Tuesday evening was a son of Mr. and Mrs. A. R. Beebe. He was 23 years old. Besides his parents he is survived by two brothers, Arthur and Lyle of Niles. The latter is also a patient in St. Joseph's hospital in South Bend, while recovering from injuries received in an accident when an interurban car struck the automobile in which he was riding and his companion was killed. The funeral services will be held Friday at 12 o'clock from the residence of the parents, four miles north of Niles. Burial will be in this city.

Miss Ella Tibbitts, who is seriously ill, was removed to Benton Harbor Wednesday under the care of Mrs. Frank Crane, trained nurse.

Miss Hazel Jonts entertained the Quil Sant club at a Halloween party Tuesday evening.

John Keiser, 81 years old and a veteran of the Civil war, is dead at the home of his daughter, Mrs. Ella P. Odierne, 511 Chicago rd. He is survived by seven children of whom Eugene and Norman Keiser and Mrs. Harry Letman reside in South Bend also Mrs. Odierne of this city. The deceased was a member of the 20th Indiana. The funeral services will be held Thursday morning at 9 o'clock from St. Mary's church. Burial will be at Calvary cemetery.

Sloan's Liniment for Neuralgia

Aches.

The dull throbbing of neuralgia is quickly relieved by Sloan's Liniment, the universal remedy for pain. Easy to apply; it quickly penetrates without rubbing and soothes the sore muscles. Cleaner and more promptly effective than musc plasters or ointment; does not stain the skin or clog the pores. For stiff muscles, chronic rheumatism, gout, lumbago, sprains and strains it gives quick relief. Sloan's Liniment reduces the pain and inflammation in insect bites, bruises, bumps and other minor injuries to children. Get a bottle today at your Druggist. 25c.—ADVT.

SOUTH BEND LATHE WORKS EMPLOYEES PRAISE TANLAC; MISHAWAKA WOOLEN MILLS MEN LAUD NEW MEDICINE

MEN QUICK TO SEE MERIT IN PREPARATION

If a straw vote was taken of the men in the employ of South Bend's industries, it is very probable there would be an almost unanimous verdict for Tanlac, the new medicine that is meeting with such approval in South Bend and Mishawaka, as well as in thousands of cities and towns in twenty states of the Union. Employees of the South Bend Lathe Works especially have been quick to see the merit in Tanlac.

Quick to Learn Merit.

As is the case almost everywhere the people of South Bend soon learned that Tanlac is different from other proprietary medicines, containing real relief for sufferers from stomach, liver or kidney trouble, catarrhal complaints, rheumatism, nervousness, affections of the mucous membranes and the like, and among the first to indorse the preparation were the employees of the Lathe Works, Studebaker Auto Shops, Lake Shore & Michigan Southern Railway Shops, O'Brien Varnish Works, and other industries over the city.

Soon after the announcement that Tanlac would be introduced in this city by a special Tanlac representative, trained at the Tanlac laboratories, employees of various local industries were making inquiries about the preparation.

Become Real Boosters.

Then, some began taking it, and when they derived benefits others, more skeptical at first, took faith in the new medicine and decided to try it. In a short time many had tried Tanlac; had gained benefits through its use, and were loyal Tanlac boosters.

Some thought about their wives or mothers when they were told of relief fellow employees had derived from Tanlac, and bought a bottle that they might try it. In nearly every case Tanlac proved its merit by bringing surprising benefits within a short time.

Machinists, lathe workers, core makers, street car conductors, laborers, as well as prominent business and professional men and women from all walks of life, are telling of benefits Tanlac has brought them, making the approval of the new medicine in South Bend almost universal.

MACHINIST TELLS OF HELPMATE'S RELIEF

Among the many manufactory employees of South Bend who have praised Tanlac is Edward M. Burns, a machinist at the South Bend Lathe Works, who lives at 1006 E. Lasalle av. He indorses the new medicine because of relief it gave his wife.

"Mrs. Burns suffered from a general nervous breakdown," he said on Sept. 20. "She was very nervous and restless. Rheumatism in her ankles, feet and arms also bothered her. Her feet and ankles often became swollen."

"My wife has taken two bottles of Tanlac now and her general health is greatly improved. The rheumatism is rapidly disappearing, the swellings and pains having vanished. She is not so restless or nervous now."

STUDEBAKER EMPLOYEE DESCRIBES BENEFITS

J. C. Blake, 1622 Dale av., employee of the Studebaker Auto Shops, is one of Tanlac's firm friends. He said:

"For a long time I have suffered from stomach and liver trouble. I often had sick headaches and my appetite was very poor. My tongue usually was coated, I became bilious often."

"The sick, nervous headaches that formerly bothered me have disappeared entirely since I've tried Tanlac. I eat heartily now and my digestion is fine. Tanlac certainly has fixed me up and I believe it will help others."

GOES BACK TO WORK AFTER TRYING TANLAC

Employees of the Lake Shore & Michigan Southern Railway Shops welcomed back among them H. L. Irwin, of 1111 Huey st., South Bend, recently. Mr. Irwin in a statement given on Aug. 20, attributed his recovery from illness that kept him from work, to Tanlac.

"My blood was in bad condition and I was extremely constipated, severe headaches bothering me," he said. "I became so bad I had to quit work two months ago."

"I've taken two bottles of Tanlac now and I'm better in every way. In fact, I've improved so that I'm going back to work next week."

MACHINIST IS HELPED

William H. Young, machinist at the South Bend Lathe Works, of 312 W. Division st., said, regarding Tanlac:

"My blood was in bad condition, pimples and boils coming all over my body."

"Tanlac has purified my blood so that I'm not bothered with pimples or boils now and my skin is almost entirely clear."
